

AI FOR SMALL BUSINESSES

PRACTICAL AI FOR OWNERS WHO DON'T HAVE TIME FOR HYPE.

Most AI advice is theory. We build specific, working tools for the problems your business actually has — answering questions after hours, booking appointments, following up with leads, handling busywork. Fixed scope, fixed price, plain English start to finish.

AFTER 6 PM

When most leads visit your site — and you're not there to answer.

~12 HRS/WK

Average time a small business owner spends on tasks AI can now handle quietly in the background.

NO JARGON

We deliver a working system, not a slide deck of "opportunities."

AI READINESS AUDIT

\$750

A 90-minute working session to map your business operations, followed by a written report identifying 3–5 specific AI use cases with rough ROI estimates, implementation costs, and a recommended sequence. Fixed price, fixed timeline, no upsell pressure.

- ✓ Discovery interview
- ✓ Tool & workflow review
- ✓ Written report (5–8 pages)
- ✓ 30-minute review call
- ✓ Credit toward any AI build within 60 days

AI WORKFLOW AUTOMATION **\$3,000** –

\$10,000

Custom automations that remove repetitive work from your day. Built once, billed once — with optional ongoing maintenance through a Care Plan. Each engagement is scoped after your Readiness Audit so you know exactly what you're getting and what it'll cost.

- ✓ Discovery & scoping
- ✓ Build & integration with your existing tools
- ✓ Documentation & training
- ✓ 30-day post-launch support
